Sytchampton School's Updating and Re-modelling Plans.

Now that Mrs Williams has settled in and established some key priorities, she has come up with some exciting plans for change and improvement, which will benefit the children and the working environment of the whole school. The PTA is happy to assist the school with these plans, with the Summer Ball and Auction of Promises hopefully raising some of the necessary funds to complete this work.

Below will hopefully give you an idea of the plans:

- Create a positive learning environment to complement the classrooms and outdoor area, and to show-case the excellent work of the school and the children. The aim is to create a learning corridor through the centre of the school with themed displays produced by all classes, the first one will be featuring the Eco Award. The hallway will be re-decorated with bright and cheerful colours with large display boards.
- Create Library/resource room in the Heads current office, this will include redecorating, new blinds and relocating current non-fiction books and shelving. Re-use other book storage around the school.
- Re-site computers into the classrooms in order to extend learning and make ICT an integral part of all lessons.
- The computer room will be converted into a staff room with a soft seating area and 8 large tables for formal meetings. The room will also have a work bench area that can be used by pupils as a cooking area.
- The current conservatory will be converted into the Head Teachers Office with a desk, computer and table for meetings (and Golden Ticket teas).
- Upstairs needs to be carpeted and redecorated, with the room at the end of the corridor turned into a dedicated music practice area. The other two rooms will remain as storage areas.
- The Front foyer will also be changed in order to incorporate a news board for parents, an area to display pupils awards and a very special PTA notice board!!

Mrs Williams would like this work completed by the Summer Holidays ready for the new school year in September.

In supporting the Summer Ball and Auction of Promises you will be helping to make these exciting plans a reality, which will significantly benefit the education of our children and the future of the school.

If you can give up any time to help with these improvements, particularly clearing our old stock, please do not hesitate to contact the PTA or the school. Thank you for all your continued help and assistance.
