

Primary PE and Sport Premium

The government have confirmed the PE and Sport Premium will continue to be paid to primary schools until 2020. In the academic year 2016/17, Sytchampton Primary School will receive approximately £8300 as part of this initiative.

Schools have the freedom to utilise the funding in a variety of ways. Our staff were consulted as to how they felt about PE, how they would welcome support in delivering the PE curriculum and how we could further enhance the provision and opportunities offered to our children. At Sytchampton, as a result of this consultation, we selected to invest this funding in the following ways:

Specialist Teaching:

In the summer term we used our specialist PE coordinator to deliver PE teaching across the whole school. The role of this teacher was two-fold: firstly, to support the delivery of a PE curriculum that can challenge and stimulate all pupils regardless of their physical ability and motivation for sport; and secondly, to provide targeted professional development opportunities for school staff who can build on the expertise shared in 'team-teach' sessions enabling them to deliver high quality PE to all pupils in targeted areas of the PE curriculum. In the Autumn and Spring term (following the resignation of this teacher) this role is now co-ordinated by the Headteacher.

Target 2017/18 : To train and develop a new member of staff to co-ordinate P.E.

Sports Partnership:

The Droitwich Cluster Sports Partnership enables our pupils to experience competitive and non-competitive sporting activities in a varied range of sports. We pay for the services of a Pyramid Link Teacher to organise events and training. Our pupils have the opportunity to compete against local schools in regional competitions, which offers a valuable experience in participating in activities and environments that cannot be replicated in school. In many cases, these activities serve as excellent opportunities for our pupils to integrate with pupils from other settings whom will eventually become their peers at secondary school. These experiences show that with a targeted approach our pupils can raise their self-esteem, self-belief and interest in sporting activities which positively impacts upon their learning within school. We also compete with local private schools and have now developed links with primary schools in the area now that we have a year 6 cohort.

Target 2017/18 : To further develop upper KS2 fixtures in a range of sports

Sports Coaching: After-school clubs are offered to all pupils. These enable pupils to experience and enjoy various sports that they may otherwise not participate in. Pupils are enthusiastic regarding the opportunity to participate and effective relationships are developed between the pupils involved. We use a combination of specialist coaches and our own teachers and play supervisors.

Target 2017/18 : To further develop the range of sports/activities on offer

Lunchtime Active Play: We have invested in equipment to improve physical activity at lunch and play times. One play supervisor is employed to organise games and activities and encourage all pupils to participate in physical activity and games.

Target : Further develop activities and develop play leaders with a larger group of Yr6 pupils.
